Sisters, OR 97759

Big Lake Youth Camp's main goal with this program is to place horses in need of winter housing and care with responsible caring homes. The Horse Care Application process is designed to ensure that the horses go to homes where they will receive appropriate and loving care and use. We work with the care providers and answer their questions and provide as much information about the horses as possible. Big Lake Youth Camp horses may not be sold or bred without written consent. If for some reason the winter home does not work out, they may return the horse to Big Lake Youth Camp.
